#### NOTIFICATION.

No. 940L. — 6th August, 1941. — The Governor having been pleased to order, under rule 48 of the Bengal Legislative Council Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information.

**THE CALCUTTA AND SUBURBAN POLICE  
(AMENDMENT) BILL, 1941.**

A

**BILL**

*further to amend the Calcutta Police Act, 1866  
and the Calcutta Suburban Police Act, 1866.*

WHEREAS it is expedient further to amend the Calcutta Police Act, 1866, and the Calcutta Suburban Police Act, 1866, for the purposes and in the manner hereinafter appearing;

Ben. Act  
IV of 1866.  
Ben. Act  
II of 1866.

It is hereby enacted as follows:—

Short title.

**1.** This Act may be called the Calcutta and Suburban Police (Amendment) Act, 1941.

Amendment of  
section 3 of  
Bengal Act  
IV of 1866 and  
section 51 of  
Bengal Act II  
of 1866.

**2.** In section 3 of the Calcutta Police Act, 1866 (hereinafter referred to as the Calcutta Act) and in section 51 of the Calcutta Suburban Police Act, 1866 (hereinafter referred to as the Suburban Act), in the definition of "place of public entertainment" for the words "and shall include a refreshment-room, eating-house, coffee-house, tea-shop, liquor-house, boarding-house, lodging-house" the words "and shall include a lodging-house whether any kind of food, drink or drug is supplied for consumption therein or not, and a refreshment-room, eating-house, coffee-house, tea-shop, liquor-house, boarding-house" shall be substituted.

Amendment of  
section 35 of  
Bengal Act IV  
of 1866 and  
section 18 of  
Bengal Act II  
of 1866.

**3.** In section 35 of the Calcutta Act and in section 18 of the Suburban Act—

for the words and brackets

"or has or keeps any coffee-house, boarding-house, eating-house, lodging-house or other place of public resort and entertainment, wherein provisions, liquors or refreshments are sold or consumed (whether the same be kept or retained therein or procured elsewhere)"

the words and brackets

"or has or keeps any lodging-house whether provisions, liquors or refreshments are sold or consumed therein or not,

or has or keeps any coffee-house, boarding-house, eating-house or other place of public resort and entertainment, wherein provisions, liquors or refreshments are sold or consumed (whether the same be kept or retained therein or procured elsewhere)"

shall be substituted.

---

**STATEMENT OF OBJECTS AND REASONS.**

A special enquiry by the Deputy Commissioner, Port Police, revealed that the conditions existing in seamen's lodging houses (known as "lathi houses") in Calcutta are exceedingly bad. Not only are these houses insanitary and overcrowded, but the proprietors take every advantage of the sailors who stay there.

With a view to control these houses, and in pursuance of Government's policy of improving conditions for Indian Seamen the proprietors were required to take out licences under section 39 of the Calcutta Police Act, 1866 and under section 22 of the Calcutta Suburban Police Act, 1866. Recently however a man who was prosecuted for running a lathi house without a licence was acquitted on the ground that as no food was supplied, the sections of the Acts mentioned above did not apply. Government is advised that in the absence of a clear definition of "lodging house" in the Acts referred to, the acquittal was not improper and considers that the Acts should be amended so as to include these houses within their scope. The present Bill is an attempt to ensure proper control of these houses, and thereby, to protect the seamen who take shelter therein.

DEPARTMENT.**

**NOTIFICATION.**

No. 1297L.C. — 6th August, 1941. — The following report of the Select Committee on the Bengal Public Demands Recovery (Amendment) Bill, 1940 by Mr. Nur Ahmed, M.L.C., with the Bill embodying amendments recommended by the Committee, is hereby published for general information.

S. K. D. GUPTA,

*Secy. to the Bengal Legis. Council.*

**Report of the Select Committee on the Bengal Public Demands Recovery  
(Amendment) Bill, 1940.**

**(As introduced in the Council by Mr. Nur Ahmed, M.L.C.)**

We, the members of the Select Committee to which the Bengal Public Demands Recovery (Amendment) Bill, 1940, was referred by a motion carried in the Bengal Legislative Council on the 23rd August, 1940, have the honour to submit this our final report with the Bill embodying amendments recommended by us. Matters recommended by us to be omitted have been printed in *italics* and enclosed in square brackets, and all new matters recommended to be inserted have been underlined.

The Committee met on the 29th March, 1941, and concluded their sitting on the same day.

The Bill has not been altered by our recommendation to an extent requiring republication.

The changes made by us are detailed below.

**Short Title.**—We have altered the year to 1941.

**Preamble.**—We have made slight drafting changes in the Preamble.

**Clause 1.**—We have changed the year in this clause and have made a slight drafting alteration. The words, "It will come into force at once." in this clause, have been omitted by us as being unnecessary. Paragraph (i) of this clause has been renumbered as clause 2 and has been redrafted. For the word "surety" in this paragraph, we have substituted the word "security".

**Clause 2.**—We have redrafted this clause, to make the meaning more clear and have renumbered it as clause 3.

**Clause 3.**—We have omitted this clause as this amendment has already been made by Bengal Act III of 1939.

**Clause 4.**—We have redrafted this clause and renumbered the sub-clauses without making any change in its principle.

**Clause 5.**—We have omitted this clause as being unnecessary.

**Clause 6.**—We have renumbered this clause as clause 5 and have redrafted it. We have substituted the words "six and a quarter *per centum per annum*" for the words "five *per centum*" in this clause, as we consider it more desirable.

**Clause 7.**—We have renumbered this clause as clause 6. We do not consider it desirable to repeal section 62 of the Act, whereas in our opinion section 61 of the Act requires to be repealed. We have therefore included section 61 in this clause and omitted section 62 from it.

**Clauses 8 and 9.**—We have renumbered these clauses as paragraphs (a) and (b) of clause 7 and have redrafted it. We have excluded the Local Boards from the local authorities mentioned in clause 9.

---

**Clause 10.**—We have renumbered this clause as clause 8 and have redrafted it without making any change in its principle.

**Minute of Dissent by Khan Sahib A. H. Chowdhury, M.L.C.**

I sign the report subject to the following note of dissent:—

The Bill seeks to introduce the system of personal service of notice on the proprietors in connection with the Land Revenue Sales. This is certainly very good on principle but the remedy provided in the Bill is not free from practical difficulties. Register D contains the names of the proprietors together with their native villages and thanas but not the post offices. Thus without amending the Land Registration Act or the Forms prescribed thereunder and rewriting the Register D, it will be practically impossible to serve notices on individual proprietors. It is also to be noted that mutation is not usually applied for punctually and even though applied for, it cannot be effected without undergoing a lengthy procedure. So it may not be always possible to ascertain the names of the actual landlords—particularly the actual biggest landlords in which case the Bill if enacted in its present form will make Revenue Sale almost an impossibility or at least a matter of great difficulty and a lengthy procedure which again is bound to have serious repercussion on the collection of the Revenue. I feel constrained also to observe that service of notice on some proprietors only will not improve matter much.

[NOTE.—All matters omitted by the Select Committee have been printed in *italics* and enclosed in square brackets, and all new matters inserted have been underlined.]

WHEREAS it is expedient further to amend the Bengal Land-revenue Sales Act, 1859, for the purpose and in the manner hereinafter appearing :

It is hereby enacted as follows :—

[1. *This Bill may be called the Bengal Land-revenue Sales (Amendment) Bill, 1940.*

2. *It shall extend to those parts of Bengal where Act XI of 1859 applies.*

3. *It shall come into force on such date as the Local Government may by notification appoint.]*

Short title and

(2) It shall come into force on such date as the Provincial Government may, by notification in the Official Gazette, appoint.

*No sale shall take place until the officer conducting the sale has satisfied himself that the notification of sale has been duly published and the notices of sale have been sent to proprietors by registered post.]*

Amendment of  
section 6 of  
Act XI of 1859.

2. After the second paragraph of section 6 of the Bengal Land-revenue Sales Act, 1859 (hereinafter referred to as the said Act), the following paragraphs shall be inserted, namely—

simultaneously with the issue of the notification referred to above. If the sale does not take place the cost of such registered notices shall be payable by the defaulters within the time fixed in this behalf by the Collector or other officer for which separate registered notices shall be issued and if default is made in the payment of such cost together with the cost of separate registered notices it shall be realised from the defaulters by any process authorised for realizing an arrear of public revenue.

No sale shall take place until the officer conducting the sale has satisfied himself that the notification of sale has been duly published and the notices of sale have been sent to proprietors by registered post.

12. *Power to attach conditions or instructions to coupons.*—An Area Rationing Authority may when issuing coupons to any person attach conditions or instructions thereto or may communicate in writing to such person the conditions or instructions governing the use of the coupons.

13. *Transfer of ordinary coupons.*—A person in whose name a motor vehicle is for the time being registered under the Motor Vehicles Act, 1939, or who is the owner of a motor boat may, if he transfers the vehicle to another person, transfer to that other person ordinary coupons issued to him in connection with the vehicle, and any ordinary coupon so transferred shall be valid in the hands of that other person in respect of the transferred vehicle as it was valid in the hands of the transferor.

14. *Coupons which are no longer valid to be delivered up.*—A person to whom coupons have been issued, or to whom coupons have been transferred under clause 13, shall, within seven days, deliver up at the office or place from which the coupons were obtained all coupons which have not been surrendered by him to a supplier upon the supply of motor spirit, if—

(a) the period during which the coupons authorised the supply of motor spirit has expired, or

(b) the use of the vehicle in respect of which the coupons were issued has, by reason of failure to comply with any conditions imposed by law on its use, become unlawful, or

(c) the purpose for which the coupons were issued has ceased to apply.

15. *Method of obtaining licences.*—Any person wishing to obtain a licence shall make an application in Form M as set out in the First Schedule to the Director of Civil Aviation if the motor spirit is required for use in an aircraft and to the Provincial Rationing Authority in all other cases. The application shall give full particulars of the purpose or purposes for which the motor spirit is required.

16. *Particulars to be expressed in licence.*—(1) Every licence shall state the person to whom and the object for which it authorises the supply of motor spirit, the period for which the licence remains valid, and the amount of motor spirit of which it authorises the supply either—

(a) during the whole period of the validity of the licence, or

(b) during stated periods within that period of validity,

or both such amounts.

(2) A licence shall ordinarily be expressed as being valid for one year, but the Director of Civil Aviation or the Provincial Rationing Authority, as the case may be, may issue licences having validity for any shorter period.

17. *Conditions implicit in or attached to licence.*—(1) Every licence shall be deemed to be granted subject to the condition that a supplier or dealer furnishing motor spirit on the authority of the licence shall endorse on the licence the quantity furnished on each occasion, and that the holder of the licence shall give the supplier or dealer a receipt for the quantity supplied.

(2) The Director of Civil Aviation or the Provincial Rationing Authority, as the case may be, when granting a licence may attach to it such conditions as he or it thinks fit, and the holder of the licence shall comply with any conditions contained in or attached to the licence.

18. *Power to rescind, vary or amend licences.*—The Director of Civil Aviation or the Provincial Rationing Authority, as the case may be, may at any time rescind, vary or amend any licence.

19. *Licence which is no longer valid, to be delivered up.*—When a licence is rescinded, or otherwise ceases to be valid, the holder shall forthwith deliver up the licence to the Director of Civil Aviation or the Provincial Rationing Authority, as the case may be.

#### *Appointment and functions of Rationing Authorities.*

20. *Provincial Rationing Authority.*—(1) The Central Government shall have power to give directions to a Provincial Government as to the extent to which the consumption of motor spirit in the Province shall be reduced and as to the manner in which the provisions of this Order shall be carried out.

(2) The Provincial Government shall appoint a Provincial Rationing Authority having jurisdiction throughout the Province.

(3) The Provincial Rationing Authority shall, subject to the direction and control of the Provincial Government, exercise general control over the working of the system of rationing motor spirit established by this Order.

(4) The Provincial Rationing Authority may issue instructions to all or any Area Rationing Authorities as to the extent to which in issuing coupons for the supply of motor spirit to any person for any purpose the Area Rationing Authority shall aim at effecting a reduction of the amount of motor spirit consumed in normal conditions by that person for that purpose.

(5) The Provincial Rationing Authority shall have power to revise any decision or order made by an Area Rationing Authority.

(6) The Director of Civil Aviation or the Provincial Rationing Authority, as the case may be, shall decide the amount of motor spirit for which, in any case covered by clause 6, a licence may be issued, and shall issue or authorise the issue of all licences.

21. *Area Rationing Authorities.*—(1) The Provincial Government may appoint such Area Rationing Authorities, as it thinks fit, having jurisdiction in such areas and in respect of such vehicles or such class or classes of vehicles as may be specified in each case by the Provincial Government.

(2) An Area Rationing Authority shall, subject to any instructions issued in this behalf by the Provincial Rationing Authority and to the standards specified in the Second Schedule, decide in respect of any vehicle for the time being within its jurisdictional area the amount of motor spirit for which coupons may be granted and shall authorise the issue of all coupons.

(3) Any person dissatisfied with the decision or order of an Area Rationing Authority may apply to the Provincial Rationing Authority for revision of the decision or order. The Provincial Rationing Authority shall dispose of the application as it thinks fit, and shall not be bound to accord the applicant a hearing.

#### *Restrictions on supply and use of motor spirit, and dealings with receipts and coupons.*

22. *Motor spirit to be obtained only in accordance with this Order.*—No person shall furnish or acquire a supply of motor spirit otherwise than in accordance with the provisions contained in this Order.

23. *Motor spirit to be obtained only from supplier.*—No person other than a supplier shall furnish, and no person shall acquire otherwise than from a supplier, a supply of motor spirit.

24. *Use by producer of motor spirit for private purpose.*—Except under the authority of a licence or unless the motor spirit has been obtained upon the surrender of coupons, no producer shall use or permit the use of motor spirit produced by him for the purpose of supplying motive power to a motor vehicle registered in his name under the Motor Vehicles Act, 1939, or to any aircraft or motor boat owned by him.

25. *Economy in consumption of motor spirit.*—No person shall use or permit the use of motor spirit save in such manner as will effect all reasonable economy in its consumption and will prevent any waste thereof.

26. *Use of motor spirit for a purpose other than that authorised.*—No person shall use or permit the use of motor spirit acquired by him against the surrender of special receipts or coupons or under the authority of a licence—

- (a) for a purpose other than that to which the special receipts, coupons or licence relates, or for a purpose other than that for which the special receipts were issued to him or than that which was specified in any application in response to which the coupons were issued or the licence was granted, or
- (b) save in accordance with any conditions or instructions appearing on or attached to the coupons or otherwise communicated in writing to the person to whom the coupons were issued, or
- (c) for any particular purpose where a supply has been made for more than one purpose, of a quantity thereof which exceeds the quantity acquired by him for that particular purpose, or
- (d) in a case in which the coupons have been issued in respect of a particular vehicle, in any other vehicle except a vehicle of the same class owned by the person to whom the coupons have been issued, or
- (e) in a case in which the coupons have been issued in respect of a class of vehicle, in any other class of vehicle.

27. *Receipts and coupons to be surrendered only at time of supply of motor spirit.*—No person shall surrender to a supplier and no supplier shall accept special receipts or coupons or receipts at a time other than the time at which the supply of motor spirit authorised by the special receipts or coupons or acknowledged by the receipts is furnished.

28. *Use of coupons for purpose other than that authorised.*—No person shall use or permit the use of coupons—

- (a) for a purpose other than that to which the coupons relate or other than that specified in any application in response to which the coupons were issued, or
- (b) save in accordance with any conditions or instructions appearing on or attached to the coupons or otherwise communicated in writing to the person to whom the coupons were issued.

29. *Transfer of coupons.*—Save as provided in clause 13 no person shall transfer to any other person coupons issued to himself.

30. *Obtaining coupons while possessed of coupons.*—No person shall, while in possession of coupons obtained from an Area Rationing Authority in respect of a particular vehicle, or vehicles, obtain or attempt to obtain coupons from that or any other Area Rationing Authority in respect of the same vehicle or vehicles without disclosing full particulars of the coupons in his possession.

#### *Supplementary Provisions.*

31. *Preservation of special receipts, coupons and receipts.*—A supplier other than a dealer shall retain all special receipts, coupons and receipts received by him, and a dealer shall retain all special receipts, coupons and receipts received by him, except such as he surrenders to a supplier when himself obtaining a stock of motor spirit until the Provincial Rationing Authority authorises their destruction.

32. *Keeping of accounts and records and furnishing returns.*—A supplier shall, if so required by a general or special direction issued by the Central Government, keep such books, accounts and records, and furnish such returns at such times and to such authorities as may be specified in the direction.

33. *Powers of supervision and inspection.*—(1) A supplier, and a person employed in connection with the business of a supplier, shall, if requested so to do by or on behalf of the Provincial Rationing Authority:—

- (a) produce to any person mentioned in the request such books, accounts or other documents relating to the business (including the coupons, special receipts, receipts received by him) as may be mentioned in the request,

- (b) furnish to any person mentioned in the request such estimates, returns or information relating to the business as may be mentioned in the request and
  - (c) permit any person authorised by the Provincial Rationing Authority in that behalf to enter and inspect any premises used for or in connection with the business.
- (2) The powers exercisable under this clause shall not be exercised except for the purpose of securing compliance with the provisions of this Order.

**34. Exemption.**—Nothing in this Order shall apply to:—

- (a) the supply of motor spirit to a dealer by a supplier—
  - (i) on not more than one occasion within one month of the coming into force of this Order, or
  - (ii) against surrender by the dealer to the supplier of special receipts, coupons or receipts, indicating the previous supply by the dealer of a quantity of motor spirit not less than 98 per cent. of the quantity thereof supplied to him, or
- (b) the transfer of motor spirit from one supplier to another; or
- (c) the supply of motor spirit by a producer thereof to a supplier; or
- (d) the importation of motor spirit; or
- (e) the supply from stocks under the direct control of the Government concerned of motor spirit for use in—
  - (i) vehicles employed by the Central or a Provincial Government for defence or internal security purposes, or
  - (ii) vehicles, aircraft and machinery employed in or in the maintenance of His Majesty's Forces.

**35. Reciprocal arrangements with Indian States.**—If the Central Government is satisfied that the Government of an Indian State has made within the State provision for the rationing of motor spirit which is substantially the same as that made in this Order, and that the Government of that Indian State will accept as effective within the State, special receipts, coupons, licences and receipts issued in British India, the Central Government may by notification in the official Gazette, direct that so long as the notification remains in force special receipts, coupons, licences and receipts issued by or under the authority of the Government of that Indian State shall be effective in British India as though they had been issued in British India.

**36. Restriction on bringing motor spirit into British India.**—No person other than a supplier shall bring into British India motor spirit obtained outside British India, unless,

- (i) he has acquired it against the surrender of a special receipt, coupon or receipt accepted as effective within an Indian State in respect of which a notification under clause 35 has been issued and is in force; or
- (ii) the motor spirit is in the ordinary fuel tank of a motor vehicle or aircraft travelling into British India.

**37. Special provision for persons temporarily visiting British India.**—Notwithstanding anything contained in this Order when a person temporarily visiting British India applies to an Area Rationing Authority for coupons under clause 10, the Area Rationing Authority may instead of issuing ordinary coupons, issue supplementary coupons for such number of units as it thinks reasonable in all the circumstances of the case. Such supplementary coupons shall be stamped with the word "visitor".

**STATEMENT OF OBJECTS AND REASONS.**

The Bengal State Aid to Industries Act was enacted in 1931 and brought into actual operation in 1934. The Act was designed primarily for the purpose of affording financial assistance to cottage industries and industries on a small scale in the shape of loans, cash credits, etc. Experience of the working of the Act has, however, shown that it is capable of improvement and the object of the proposed Amending Bill is to modify the existing provisions so as to allow of a wider and more generous application and to remove certain minor defects in the Act.

**RESOLUTION—No. 1176M.**

*Calcutta, the 28th June 1941.*

**READ—**

Reports from the Commissioners of Divisions on the working of the municipalities in Bengal (except Calcutta) during 1939-40.

**1. Constitution and Boundaries.**—The number of municipalities remained the same (118) as in the preceding year. The only local variations were a few changes made in the boundaries of the Mymensingh, Comilla and Darjeeling municipalities.

**2. Elections.**—General elections were held only in 3 municipalities during the year under review and aroused keen interest in all of them. In 3 wards of the Debhatta municipality about 90 per cent. of the voters exercised their franchise. The female voters also evinced considerable interest in these elections; in Pirojpur about 70 per cent. of them attended the poll and recorded their votes, the percentage reaching 75.5 in one ward.

**3. Meetings.**—The total number of meetings held by the municipalities during the year under review was 3,028 of

which 71 proved abortive for want of a quorum while 303 were adjourned. The corresponding figures for the preceding year were 3,027, 126 and 273, respectively. The Nabadwip municipality held the largest number of meetings (114) which included 8 abortive and 23 adjourned sittings.

All the municipalities in the Province, except three, held at least one meeting in a month. The South Suburban municipality, however, held only 6 meetings and the municipalities of Baduria and Sherpur (Bogra), held only 9 meetings each, during the year under review. These three municipalities thus failed to attain the statutory minimum of one meeting in every month.

The average percentage of attendance of commissioners at meetings was below 50 in 16 municipalities as compared with 7 municipalities in the preceding year, the lowest percentage (37·8) being recorded in the municipality of Rangpur. The average percentage of attendance of non-official members at meetings was the highest in Kotechandpur (98·5) and lowest in Rangpur (37·2) and that of the official members was highest in Panihati (96·96) and lowest in Tangail (4).

**4. Population and Ratepayers.**—The total population of the municipal towns (outside Calcutta) most of which include quasi-rural areas, was 2,351,407 or only 4·7 per cent. of the total population of the Presidency, as in the preceding year. And of this small urban population, only 392,705, or about 16·8 per cent., were ratepayers. The rates were paid by less than one-tenth of the urban population in eleven municipalities, including eight industrial towns with a large floating labour population and the two hill municipalities of Darjeeling and Kurseong.

**5. Rates and Taxes.**—The average incidence of municipal taxation per head of the urban population was Rs. 3·6½ against Rs. 3·7·11 in the preceding year. This indicates that the burden of municipal taxation was far from excessive and that this was further lightened during the year under review. The incidence of taxation nowhere reached the figure of Rs. 10 per head except in the Darjeeling municipality where it was Rs. 11·8·9 per head; on the other hand in 15 municipalities it was below Re. 1 per head. Four municipalities, viz., Chandrakona, Ramjibanpur and Khirpai in the Midnapur district and Kumarkhali in the Nadia district, continued to levy the tax

on persons instead of the rate on the annual value of holdings according to the provisions of the present Municipal Act.

The total receipts from the municipal rates and taxes (Rs. 79·43 lakhs) showed a decrease of about Rs. 2·80 lakhs during the year under review as compared with the receipts in the previous year, in spite of the fact that there was an increase of about Rs. 3·77 lakhs in the municipal demand due to general or partial revision of assessment during the year. There was, however, a heavy fall of receipts in the Howrah municipality amounting to about Rs. 2·72 lakhs due to the orders under section 135(2) of the Indian Railways Act, reducing the municipal rates assessed on the properties of the East Indian Railway and Bengal-Nagpur Railway administrations within the municipality. These orders under section 135(2) of the Indian Railways Act have, however, subsequently been revised.

**6. Collection.**—The total collection of rates decreased from Rs. 79·66 lakhs in the previous year to Rs. 77·98 lakhs in the year under review with a corresponding fall in the ratio of current collection to current demand from 77·8 to 74·7 per cent. The percentages of the arrear collection on the arrear demand and of the total collection on total demand, however, increased from 37·4 to 44·2 and from 66·4 to 66·6, respectively.

The municipalities of Tamluk, Garulia and Nalchiti had the distinction of collecting nearly the whole of their total demand. The collection of the total demand exceeded 90 per cent. in 14 municipalities, 7 of which (viz., Tamluk, Champdany, Bhatpara, Garulia, Narayanjanj, Muktagacha and Nalchiti), collected more than 95 per cent. of the total demand. Thirteen municipalities, on the other hand, failed to collect even half of their arrear and current demand, the worst record being that of the Rajpur municipality with a collection of only 27·27 per cent. of its total demand.

The amount of total remissions increased from Rs. 6·13 lakhs to Rs. 7·05 lakhs representing 5·6 per cent. of the total demand as against 5·1 per cent. in the previous year. The amount of outstanding arrears also increased from Rs. 34·24 lakhs to Rs. 40·87 lakhs and represented 45·2 per cent. of the current and 32·45 per cent. of the total municipal demand.

As in the previous year, the Howrah municipality had again the largest outstanding balance, viz., Rs. 17,18,537 (against Rs. 11,76,455 in the preceding year), even after granting remissions to the extent of Rs. 1,67,060 or 5 per cent. of its total demand. Other municipalities with noticeably large outstanding balances were Hooghly-Chinsura (Rs. 1,18,542), Tollygunge (Rs. 1,20,401), Garden Reach (Rs. 1,16,681), Dacca (Rs. 1,89,363), and Mymensingh (Rs. 1,48,850). In proportion to the current demand, the outstanding balances were the highest in Madaripur (101·2 per cent.) followed by Mymensingh (97·8 per cent.) and Patuakhali (91·4 per cent.).

**7. Income and Expenditure.**—The total receipts of the municipalities including opening balances, decreased from Rs. 142·8 lakhs in the preceding year to Rs. 138·4 lakhs during the year under review. The total disbursements, however, increased from Rs. 118·2 lakhs to Rs. 120·7 lakhs and the total balances at the end of the year fell by Rs. 7 lakhs to Rs. 17·69 lakhs.

Several municipalities failed to maintain even the prescribed balances and in 32 of them, the balances left were quite insufficient to meet the outstanding liabilities. The Debhatta municipality had the worst record with liabilities representing 86·3 per cent. of its current demand. On the other hand 15 municipalities earned the distinction of closing their accounts with practically no liabilities.

**8. Education.**—The total expenditure on education, including the Government grant of Rs. 1·82 lakhs, increased from Rs. 7·84 lakhs to Rs. 8·02 lakhs. The expenditure on primary education also increased from Rs. 5·84 lakhs in the preceding year to Rs. 6·20 lakhs during the year under review and represented 6·4 per cent. of the total ordinary income as against 5·6 per cent. in the preceding year. The average *per capita* expenditure on the education of children of primary school-going age also rose from Rs. 2·1·1 in 1938-39 to Rs. 2·7·8 during the year under review.

The Howrah municipality as usual spent the largest amount, viz., Rs. 81,885 under this head, of which Rs. 66,614 came from the municipal fund; but this represented only 4·8 per cent. of its total ordinary income and an average expenditure of Rs. 2·7·6 per child of primary

school-going age within the municipality.

The municipalities of Chittagong and Darjeeling maintained their high standard of expenditure on primary education by spending as much as Rs. 8·15·6 and Rs. 8·1·0, respectively, per child of the primary school-going age and they were followed by Chandpur and Kurseong with a *per capita* expenditure of Rs. 8·0·4 and Rs. 6·7·0, respectively. The highest *per capita* expenditure (Rs. 14·6·0) was however, incurred by the Taki municipality and the lowest by Moheshpur (Rs. 0·1·2) and Netrakona (Rs. 0·1·4).

The *per capita* expenditure on primary education was over Rs. 4 in 9 municipalities while it was below Re. 1 in 48 municipalities. Nine municipalities, as compared with ten in the preceding year, failed to spend on primary education even the prescribed proportion of 3·2 per cent. of their ordinary income. The ratio was, however, over ten per cent. in 31 municipalities, the highest ratio being reached at Rangpur (29·5 per cent.) followed by Sherpur (Bogra) with a ratio of 22 per cent.

Government take this opportunity of rectifying a mistake which occurred in the last resolution regarding the percentages of ordinary income spent by the Chittagong and the Chandpur municipalities on primary education during the year 1938-39. These municipalities were reported as having spent as much as 36·7 and 42·9 per cent., respectively, of their ordinary incomes in the cause of primary education; but it was subsequently found that these figures had been calculated by the municipalities on a wrong basis, viz., according to the definition of "ordinary income" as laid down in 1893 and not in accordance with the revised instructions issued by Government in 1939 for the calculation of such income. According to the present method of calculation, the actual percentages of the ordinary income devoted by the Commissioners of the Chittagong and the Chandpur municipalities were only 8·4 and 5·8 respectively, excluding expenditure from the imperial and other grants, and 15·9 and 10·9, respectively, including expenditure from such grants.

**9. Water-supply.**—The total outlay on urban water-supply was Rs. 12·81 lakhs representing a decrease of nearly a lakh of rupees from the preceding year's figure. The decrease was due entirely

to a fall of Rs. 1.61 lakhs under "Capital outlay", there being actually an increase of Rs. 65,275 in the expenditure under the head "Establishment, repairs, etc."

The total amount spent on water-supply by the municipalities in the Burdwan Division was Rs. 4,32,526 against Rs. 4,45,839 in the preceding year. There was a decrease of Rs. 45,158 under the head "Capital outlay" due chiefly to the actual adjustment of a smaller amount by the Hooghly-Chinsura municipality out of the amount advanced to the Chief Engineer, Public Health Department, for the execution of the municipal waterworks extension scheme. There was, however, an increase of Rs. 31,845 under "Establishment, repairs, etc." shared by municipalities in all the districts. The average percentage of total expenditure on water-supply on the total ordinary income was 12.2 against 12.3 in the preceding year and it varied greatly in individual municipalities, ranging from 41.5 per cent. in Hooghly-Chinsura to 1.1 per cent. in Baidyabati.

In the Presidency Division, the total expenditure on "Water-supply" was Rs. 4,49,584 or Rs. 3,003 more than in the preceding year. The municipalities of Garden Reach, Jessore, Baranagar, Tollygunge and Kamarhati increased their expenditure under this head, while those of Khulna, Berhampore, South Dum Dum and Budge Budge spent less than in the preceding year.

The municipalities in the Dacca Division spent an amount of Rs. 2,02,354 against Rs. 2,02,625 in the preceding year. There were a marked fall of expenditure in Narayanganj and Barisal and considerable increases in Faridpur due to the extension of the waterworks and in Patuakhali due to increased expenditure on fees for analysis and electric charges.

The expenditure on water-supply in the Chittagong Division remained practically stationary (Rs. 1,17,508). The Commissioner of the Chittagong Division has observed that the supply of water in the Chittagong municipality was not sufficient to cope with the demand and that those who lived on high lands had long been suffering inconvenience due to low pressure of water.

The total outlay on water-supply in the municipalities of the Rajshahi Division fell from Rs. 1,69,064 to Rs. 78,826

during the year under review, the Darjeeling municipality alone spending Rs. 97,798 less than in the preceding year. But in spite of this decrease in the total expenditure under this head in the division as a whole, the percentage of total expenditure devoted to water-supply increased in all the individual municipalities with the exception of Sirajganj and English Bazar.

**10. Conservancy.**—The expenditure on conservancy increased from Rs. 24.23 lakhs in the preceding year to Rs. 24.69 lakhs during the year under review and represented 23.98 per cent. of the total ordinary expenditure of the municipalities. The Tollygunge municipality was responsible for an increase of Rs. 14,251 due to the purchase of tractors and trailers and the construction of a municipal pail depôt for the disposal of night soil by modern mechanised system.

The conservancy of the Dacca City continued to be a source of anxiety to the administration which experienced difficulty in properly maintaining the dumping depôts and in disposing of night soil in several depôts due to an inadequate supply of water for flushing purposes—the pressure in the street mains at these points being very low. The problem of disposal of sludge from the septic tank and the detritus tank, was, however, solved by excavating two new sludge digestion tanks. The conservancy system in Chittagong left much room for improvement. The system of removing night-soil in the Comilla municipality was quite unsatisfactory and the question of removal by motor lorry engaged the serious attention of the municipal commissioners.

**11. Drainage.**—The total amount spent on drainage was Rs. 5.19 lakhs representing an increase of Rs. 70,908 over the expenditure in the preceding year. The expenditure under "Capital outlay" was Rs. 1.66 lakhs while that under the "Establishment, repairs, etc." amounted to Rs. 3.53 lakhs.

The Raniganj municipality constructed a new pipe line up to a length of 1,200 feet from the cooly line of Messrs. Burn and Company, which made a free gift of the pipes to the municipality. The Serampore municipality executed the Chatra outfall which is reported to have made this part of the municipality more healthy and clean. In Dacca, a scheme for surface drainage was prepared at an estimated cost of about

Rs. 15,000 and the major portion of the work was executed during the year under review. The Darjeeling municipality spent an amount of Rs. 10,200 in laying sewer mains on some important roads and also a sum of Rs. 3,000 in maintaining the surface and Jhora drains.

**12. Lighting.**—The total outlay on lighting decreased from Rs. 9.12 lakhs in the previous year to Rs. 8.14 lakhs during the year under review due principally to a net decrease in expenditure amounting to Rs. 1.24 lakhs in the Rajshahi Division, the Darjeeling municipality alone being responsible for a decrease of Rs. 1.27 lakhs, for which no explanation has been given.

The Burdwan municipality incurred an additional expenditure of Rs. 6,202 under this head due to the re-installation of electric street lights, which were not in existence during the two preceding years. The expenditure at Dacca decreased by Rs. 4,372 owing to the reduction of the rate for current provided by the Dacca Electric Supply Company. No lighting rate was imposed by the Pabna municipality although its financial condition was not quite satisfactory.

**13. Public Health.**—The municipal authorities generally showed considerable interest and energy in matters relating to public health and sanitation in their respective areas. There was, however, a slight decrease in the expenditure on account of the municipal health officers and sanitary inspectors which fell from Rs. 2.43 lakhs to Rs. 2.41 lakhs, while the total outlay on hospitals and dispensaries and on other sanitary measures also fell from Rs. 4.76 lakhs to Rs. 4.66 lakhs and from Rs. 1.49 lakhs to Rs. 1.34 lakhs, respectively.

Cholera and small-pox broke out in an epidemic form in a few municipalities but were mostly brought under control by the timely adoption of preventive measures. The Public Health Department also sent their experts to help in dealing with the situation in Naihati and Bhatpara municipalities arising out of an epidemic of small-pox. Sporadic cases of cholera and small-pox occurred, as usual, in several towns but were generally promptly dealt with by the municipal authorities.

A permanent staff of vaccinators was maintained by most of the municipalities and free vaccination was given, as usual, at fixed stations and, in some municipalities, also at the houses of the ratepayers.

Anti-malarial measures on approved lines were adopted by a number of municipalities. The Bally municipality carried out anti-malarial works in co-operation with the East Indian Railway administration at Lilooah with the result that there was practically no case of malaria during the year and the general public health was good. An experimental five-year anti-malarial scheme financed from grants from Government and the Rockefeller Foundation in equal shares and covering the town of Jessore and its environments, was undertaken by the Public Health Department and a fair progress has been made in checking the disease. Anti-malarial measures were conducted by the staff of the Dacca Anti-malarial Committee, an independent organisation, supported by contributions from Government, the District Board, the University, the Dacca Club and from other sources. The work of the Committee was of great benefit to the Dacca municipality. As in the previous years, most of the municipalities took steps for the improvement of the general sanitation of the towns by cutting down roadside jungles, disinfecting tanks and ditches, and by issuing notices on private persons for clearing their lands of weeds, jungles and other insanitary vegetation.

Anti-rabic treatment was undertaken, as usual, by several municipalities. Special arrangements for the treatment of kala-azar and leprosy were made by the municipalities of Krishnagar and Nawadwip. Krishnagar maintained a tuberculosis clinic and Nawadwip carried on anti-tuberculosis propaganda in every school in order to guard against the disease. The leprosy clinic at Berhampore also worked satisfactorily. At Kurseong, 60 new cases of tuberculosis were detected by the Health Visitor during the year under review and the persons affected were either removed to hospital or given necessary instructions.

Municipal authorities were also not unmindful of their duties in regard to maternity and child welfare. Several municipalities organised dai-training

classes—the *dais* being supplied with necessary equipment after the completion of the usual course of lectures and practical training. A maternity centre was established at Hooghly-Chinsurah and the Narayanganj Mahila Samiti organised an exhibition with the co-operation of the district board.

An X-ray Ward at an estimated cost of over Rs. 15,000, was under construction in the Sadar Hospital at Comilla and for this purpose a donation of Rs. 12,500 was received from Mr. A. C. Sen of Chunta.

The administration of the Food Adulteration Act continued to be uneven and inadequate as in the preceding years in almost all municipalities except a few in which the municipal authorities showed commendable vigilance and energy in detecting and prosecuting the dealers of adulterated food-stuffs.

**14. Public Works.**—The total outlay on public works decreased slightly from Rs. 16.31 lakhs to Rs. 16.25 lakhs during the year under review. In the Burdwan Division, the expenditure fell from Rs. 5.08 lakhs to Rs. 4.83 lakhs due principally to a fall of Rs. 28,922 in the expenditure on "Roads" and of about Rs. 16,000 in that on "Establishment" in the Howrah municipality for which no explanation has been given.

The expenditure under this head increased from Rs. 4.27 lakhs to Rs. 4.51 lakhs in the Presidency Division. Noticeable increase occurred in Garden Reach (Rs. 40,917), Baranagar (Rs. 25,063) and Tollygunge (Rs. 12,122). The increase in Tollygunge was due to the construction of a better class of roads in all the wards, while that in Baranagar was due to repairs to all the main roads. No explanation has been furnished for the increase in Garden Reach.

In the Dacca Division, the expenditure on public works decreased from Rs. 2.76 lakhs to Rs. 2.57 lakhs and Dacca (Rs. 36,129), Narayanganj (Rs. 3,924) and Barisal (Rs. 1,956) were mainly responsible for this. The decrease in Barisal is reported to have been due to paucity of funds but no explanation has been offered for the decreases in Dacca and Narayanganj.

The expenditure, however, rose from Rs. 0.96 lakhs to Rs. 1.16 lakhs in the Chittagong Division, the increase occurring mainly under the head "Roads".

The commissioners of the Chittagong municipality paid greater attention to the improvement of communications and spent a much larger amount than in the preceding year with the help of the grants from the Motor Vehicle Tax Fund. The road problem of this municipality is reported to be serious owing to neglect in the past and demands the serious consideration of the municipal commissioners.

The expenditure decreased in the Rajshahi Division from Rs. 10.08 lakhs to Rs. 9.44 lakhs and represented 21.6 per cent. of the total expenditure. Though the total expenditure on public works decreased, the expenditure on "Roads" increased from Rs. 1.55 lakhs to Rs. 1.81 lakhs, as many as 9 municipalities sharing in the increase. The Kurseong municipality took up the construction of a park on the Dow Hill Road. The Darjeeling municipality purchased land from the Cooch Behar State for the Brabourne Park and metalled the Lebong Circular Road. In spite of the increased expenditure, the condition of the roads in many municipalities is reported to have been very poor and unfit for modern traffic. This aspect of the problem requires serious attention of the municipal authorities.

**15. Audit of Accounts.**—The accounts of all the municipalities were audited by the Examiner of Local Accounts, Bengal, and his staff during the year under review and no case of embezzlement or misappropriation was brought to light except a case of fraudulent remission of taxes by a collecting sarkar of the Dinajpur municipality. The municipal commissioners adequately dealt with the matter and dismissed the sarkar from service. The loss of Rs. 282-15-0 was recovered from the security deposit and the provident fund deposit of the collecting sarkar.

The audit notes disclosed various objectionable irregularities in the accounts of the Krishnagar and the Chittagong municipalities, the financial position of which, as well as that of Santipur, showed no satisfactory improvement.

Repetition of irregularities of the same nature and delay in attending to the audit objections still continued in some of the municipalities. Government trust that the municipal authorities will take steps to avoid the recurrence of

such irregularities, which are mostly due to either neglect or a lack of proper appreciation of the law and the account rules.

**16. General Remarks.**—The reports of the Commissioners of Divisions do not reveal an encouraging picture of the municipal administration in the Province.

Finance, as usual, was the weakest point in the municipal administration and was responsible for most of the ills. But much of the financial difficulties of the municipal authorities was of their own creation and was due to laxity in collection which in its turn was due in most cases to the unwillingness of the municipal commissioners to take coercive measures for fear of unpopularity.

This state of things has led one Divisional Commissioner to remark that the time has come for considering seriously whether the Collection Departments of all the municipalities should be superseded and placed under the charge of Special Officers selected for the purpose. He thinks that the expense incurred on account of the Special Officers will be small in comparison with the additional income that will accrue and that the proposal cannot be assailed as derogatory to the status of the municipalities as self-governing institutions as the bulk of the income of the district boards is collected on their behalf by Government.

No administration can claim credit for merely maintaining the *status quo* and the municipal commissioners should be alive to their duties and responsibilities and also to the importance of initiative and judicious planning on scientific lines for the development of the towns under their care. The municipal authorities generally have failed to take full advantage of the larger powers of taxation conferred by the present Bengal Municipal Act and the incidence of municipal taxation has remained very low as a result of their aversion to resort to increased taxation for fear of unpopularity.

Party-faction was a depressing feature in some municipalities. Government cannot too strongly impress on the commissioners of these municipalities the supreme importance of subordinating their personal or party interests to the

greater cause of the welfare and amelioration of the condition of the inhabitants of the towns placed under their care.

Public Health during the year under review was generally good in most of the municipalities. The zeal shown in combating the epidemics reflect credit on the municipal authorities. The administration of the Bengal Food Adulteration Act, however, still calls for more vigorous efforts on the part of the municipal authorities in order that dishonest trading in adulterated food-stuffs may be brought under effective control.

The municipal authorities generally showed keenness in the matter of primary education of children within their respective limits. The commissioners of the Chittagong municipality deserve special credit for having completed their scheme of free primary education after continuous struggle for 15 years.

None of the municipalities in the province with the exception of a few have paid any serious attention to the question of protection against fire. In the opinion of Government, each of the larger municipalities should be equipped with suitable fire-fighting appliances.

Conservancy in many municipalities was inadequate and run on unsound financial lines. The municipal authorities should make a determined effort to improve the service and to make it as nearly self-supporting as possible.

The names of the following gentlemen have been specially brought to the notice of Government on account of their public-spirited work during the year under review :—

**DEPARTMENT OF AGRICULTURE,  
BENGAL.**

Ramna, Dacca, the 29th July 1941.

**Forecast of the Summer Til (*Sesamum*)  
Crop of Bengal, 1941-42.**

(*Note.*—On an average of the five years ending 1939-40, the area under *til* in Bengal has represented some 3·7 per cent. of the total area under *til* in India.)

*Character of the season.*—Sowing commenced generally in normal time. Prolonged drought from the sowing time onward and heavy and continuous rainfall afterwards, retarded the growth of the crop. Extensive

damage was also caused by flood, cyclone and hailstorm at places in Dacca and Chittagong Divisions.

*Acreage.*—The area sown this year is estimated at 131,200 acres as against 127,100 acres last year.

*Outturn.*—From the District Officers' estimates, the average outturn of the crop for the province works out at 65 per cent. of the normal this year as against 72 per cent. last year.

Taking the normal yield at 7 1/20th maunds per acre, the gross outturn of the crop for the province is estimated at about 22,100 tons this year as against 23,700 tons last year.

**STATEMENT OF OBJECTS AND REASONS.**

The Bengal (Rural) Primary Education Act, 1930, has gradually been brought into effect from the year 1934, and defects have come to light as the result of actual experience. In particular it has been found that there is no provision for the representation of ladies in the Central Primary Education Committee, there is no provision by which representation may be given to special interests in any areas, and the representation of local interests appears likely to suffer when Local Boards come to be abolished. These and other minor defects are intended to be removed by the present Bill.

A. K. FAZLUL HUQ,  
Member-in-charge.

## Draft Rules.

## 1. In these rules—

(a) “Magistrate” means the Magistrate of the district or any Magistrate subordinate to the Magistrate of the district to whom he may delegate any of his powers under these rules;

(b) “the Act” means the Bengal (Rural) Primary Education Act, 1930;

(c) “election” means an election held under clause (i) of section 6 of the Act;

(d) “teacher” means a teacher, male or female, of any primary school as defined in clause (15) of section 2 of the Act.

2. All disputes arising under these rules shall be decided by the Magistrate and his decision shall be final.

3. An election under these rules shall be held by such date as may be fixed in this behalf by the Provincial Government under section 7 of the Act.

4. All teachers of primary schools shall be entitled to have their names included in the register of voters for an election. A register of such voters shall be prepared by the Magistrate at least five months before the date fixed under section 7 of the Act for the election. The register shall contain the postal addresses of all persons included therein.

5. The register shall then be published in the district, subdivision, thana offices and at such other places as appear suitable to the Magistrate. Any teacher whose name does not appear in the register and who claims the right of voting, or any teacher who considers that any name in the register ought to be removed, may, within three weeks of the publication of the register, apply in writing to the Magistrate stating the grounds of his application for the insertion of his name in or the removal of such name from the register, as the case may be, and the Magistrate shall decide such application on a date to be previously intimated to the teachers concerned and his decision shall be final and he shall cause the register to be amended in accordance therewith. The register of voters as so amended shall be deemed to be the final register of voters for the election, and no teacher whose name is not for the time being included in such register shall be entitled to vote at the election. The final register of voters shall be published at least twelve weeks before the date fixed under section 7 of the Act for the election.

6. Any teacher whose name is included in the final register of voters shall be qualified to stand as a candidate for the election.

7. The Magistrate shall, as soon as the final register of voters is published, issue notices calling for nomination of candidates. Such notices shall be published at the office of every union board, union committee or President Panchayet and at every primary school. Within four weeks from the date of publication of the notices, every teacher who is a candidate for election shall send his name to the Magistrate together with the necessary particulars filled up in the nomination form given in Appendix A to these rules. His nomination must be supported by three voters whose names appear on the dates on which they sign the form in the register of voters prepared for the district. No names of candidates shall be received after the expiration of the said four weeks and no nomination shall be held to be valid unless the nomination form is properly filled in.

8. Every candidate shall submit with his nomination form a chalan showing that he has deposited a sum of Rs. 10 in a Government treasury in favour of the board. No nomination form, which is not accompanied by such a chalan, shall be taken into consideration by the Magistrate.

9. The Magistrate, after scrutiny of the nominations shall announce the names of the eligible candidates and a list of such candidates shall be published at least six weeks before the date by which the election is to be held at such places as the Magistrate considers suitable. No candidate whose name does not appear in such list shall be considered eligible for election.

If the number of the candidates mentioned in the list published under this rule is not greater than one, the Magistrate shall declare the candidate to be duly elected.

10. A candidate who is not elected and has failed to receive ten per cent. of the total number of votes recorded in the district, shall forfeit the deposit made by him under rule 8:

Provided that in case a candidate is declared ineligible he shall get refund of his deposit money.

11. If the number of such candidates is greater than one election shall be held by the date referred to in rule 3.

12. (1) The Magistrate shall immediately fix for such election—

(a) a date at least three weeks before the date fixed for election on or before which the Magistrate shall send ballot papers under sub-rule (1) of rule 13 to the voters by registered post;

(b) a further date before 5 p.m. of which the covers containing ballot papers with the votes recorded on such papers sent by the voters under sub-rule (2) of rule 13 shall reach the Magistrate.

(2) The Magistrate shall also appoint a date, time and place for the counting of votes and shall give notice thereof in writing to the candidates so that the candidates or their authorised agents may attend the proceeding.

(3) The date so fixed shall be published as widely as possible throughout the district.

13. (1) On or before such date as may be fixed under sub-rule (1) of rule 12 the Magistrate shall send by registered post to each voter a ballot paper in the form given in Appendix B annexed to these rules, and shall enter on the counterfoil of each ballot paper the name of the voter to whom the ballot paper is sent. With the ballot paper the Magistrate shall send a cover addressed to himself, an envelope with the number of the ballot paper entered on its face and a letter in the form given in Appendix C annexed to these rules. The Magistrate shall have the number of the ballot paper entered at the left-hand bottom corner of the cover. The ballot paper together with the cover, envelope and letter, shall be sent to the address of the voter as shown in the register.

(2) A voter, on receipt of his ballot paper, if he desires to vote in the election, shall record his vote thereon, sign the declaration on its back and obtain the attestation of his signature and declaration but not of his vote by the President or a member of the union board, or a member of the union committee or the Panchayet.

The voter shall then place the ballot paper in the envelope, close the envelope, and enclose it in the cover to the Magistrate in accordance with the instruction contained in the letter so as to reach him before 5 p.m. on the date fixed in this behalf under clause (b) of sub-rule (1) of rule 12. Any cover which is not received by the Magistrate before 5 p.m. on the date so fixed shall be rejected.

14. The Magistrate shall, on the day and at the time and place appointed under sub-rule (2) of rule 12, scrutinise all the ballot papers sent by post under sub-rule (2) of rule 13 and shall separate the ballot papers which he deems valid from those which he rejects endorsing on the latter the word "rejected" and the ground of rejection. He shall then count the votes given to each candidate and shall record a note in his own hand stating which of the candidates has received the largest number of valid votes and declare such candidate to be duly elected.

If the Magistrate for some unavoidable cause fails to proceed with the scrutiny on the appointed date, he shall adjourn the proceeding to another date and the candidates or their agents shall be informed of such date.

15. In the case of an equal number of votes being recorded in favour of two or more candidates, selection shall be made from such candidates by lot in such manner as the Magistrate shall deem fit and thereupon the candidate thus selected shall be declared to be duly elected.

16. The name of the elected candidate shall be forwarded by the District Magistrate to the Provincial Government for publication in the *Official Gazette*.

17. No election shall be invalidated on account of any irregularity whatever unless it appears that the irregularity was such as materially to affect the results of the election.

**Bills introduced in the Bengal Legislative Assembly; Reports of Select Committees presented or to be presented to that Assembly; and Bills published before introduction in that Assembly.**

### **BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.**

#### **NOTIFICATION.**

No. 3175L.A.—8th August 1941.—The following report of the Select Committee on the Bengal Markets Regulation Bill, 1941, with the Bill embodying amendments recommended by the Committee, is hereby published for general information.

**K. ALI AFZAL,**

*Secy. to the Bengal Legis. Assembly.*

## Report of the Select Committee on the Bengal Markets Regulation Bill, 1941.

We, the members of the Select Committee, to which the Bengal Markets Regulation Bill, 1941, was referred by a motion carried in the Bengal Legislative Assembly on the 3rd April, 1941, have the honour to submit this our report with the Bill embodying amendments recommended by us annexed. Matter recommended by us to be deleted has been printed in italics and enclosed in square brackets and new matter proposed to be inserted has been underlined.

The Committee met for the first time at Darjeeling on the 2nd June, 1941, and from time to time thereafter till the 7th July, 1941, on which date they concluded their deliberations on the Bill. The Bill was published before introduction in the *Calcutta Gazette* of the 30th January, 1941.

The Bill has not, in our opinion, been so altered by our recommendations as to require republication.

The reasons for the changes recommended by us excepting those of a mere drafting or purely consequential nature are briefly as follows:—

### Clause 2.

**Sub-clause (1) (c).**—The slight amendment in this sub-clause has been made by us for making the intention clear.

**Sub-clause (1a).**—We found it necessary to insert this new definition in view of the frequent use of the expression "Calcutta area" in the Bill.

**Sub-clause (2).**—The amendment here is of a purely drafting nature.

**Sub-clause (3).**—The definition of "market" has been recast and amplified by us.

The new sub-clause (a) has been introduced as we were of the opinion that provisions of the clauses mentioned therein should apply to all markets irrespective of the locality in which they are situated or the persons or bodies by whom they are managed.

In view of multifarious complications involved, it was found difficult to propose a comprehensive definition of market for the Calcutta area. We considered it expedient, therefore, to leave it in the hands of the Government to notify the particular places, buildings, blocks of building, enclosures or other areas which should be treated as markets in Calcutta area for the purposes of this Act.

Besides these two material alterations we have included *melas*, which are held for more than three consecutive days, in the category of markets.

The rest of the alterations in the definition are of a drafting nature only.

**Sub-clause (6).**—"Trade allowance" has been defined in this new sub-clause to avoid any ambiguity in the meaning of the expression as used in this Bill.

### Clause 2A.

In this new clause we have provided for registration of all markets and renewal thereof every three years, free of charges, so that a complete and up-to-date list of all existing markets may be readily available.

**Clause 3.**

The amendment in this clause is intended to give the power of classification of markets to the Subdivisional Magistrate who would, in our opinion, be more suitable than the District Magistrate for the purpose, being in closer touch with local affairs. The provision for appeal against his decision is expected to be a sufficient safeguard.

There being no "Subdivisional Magistrate" in the Calcutta area we have made a clear provision for appointment by the Provincial Government of an equivalent officer for exercise of similar functions in that area.

**Sub-clause (2).**—Gross income was, in our opinion, a more appropriate standard than net income for the purpose of this clause and we have recommended the necessary alteration accordingly.

**Sub-clause (4).**—The amendments here are consequential on the amendments in sub-clause (1).

**Clause 4.**

**Sub-clause (1).**—We thought it expedient to empower the Provincial Government to extend the time limit, if necessary, for the purpose of avoiding any possibility of administrative and other difficulties.

The proviso has been inserted as we did not consider it advisable to interfere with the local bodies who usually permit establishment or continuance of markets, fairs and *melas* within their jurisdiction.

**Sub-clauses (2) and (3).**—The amendments here are intended to supply omissions. We have provided for the Government to prescribe the authority to whom and the manner in which an application for licence and renewal thereof should be made.

In sub-clause (4) we have raised the maximum limit of fees payable for grant or renewal of licence from five rupees to fifty as in our opinion the amount of such fees should have some bearing on the amount of profit derived from the markets by the proprietors and in some cases such profits are enormous.

**Clause 5.**

**Sub-clause (2)(c).**—This sub-clause has been curtailed in view of the specific provisions inserted in the proposed new sub-clause (4) of clause 7.

The original sub-clause (d) has been omitted by us as undesirable in view of the fact that the proprietor of a market has nothing to do with "trade allowance" nor has he got any power to prevent any improper payment or realisation thereof.

In this revised sub-clause (e) we have thought fit to make it incumbent on the proprietor to provide for adequate "space" and have made our intention, in this respect, clear in the explanation added. Further we have excluded any reference to "income derived from the market" in this sub-clause as well as in sub-clauses (f) and (g) to avoid any possibility of undesirable complications.

Sub-clauses (h), (i) and (j) have been deleted from this clause and the provisions thereof embodied more appropriately in the new clauses 11, 11A and 11B.

**Clause 6.**

**Sub-clause (1).**—We have omitted the Panchayet from sub-clause (1) as unnecessary but have brought in the District Board which appeared to us to be a more suitable body for exercise of the functions under this sub-clause. The provisions in sub-clause (5) in relation to the Corporation of Calcutta have been amalgamated with those in this sub-clause for the purpose of better drafting.

**Sub-clause (3).**—The amendment is intended to avoid any conflict with the provision of sub-clause (2) of clause 7.

**New sub-clause (4).**—In the substituted sub-clause we have given the proprietor a right of appeal as this seemed to be necessary in the interest of justice. Apart from this, this is only a redraft of the old sub-clause (4).

**Sub-clause (5).**—The omission of this sub-clause is consequential on the amendment in sub-clause (7).

#### Clause 7.

**Sub-clause (1).**—The amendment in this sub-clause has been intended to cover cases within the Calcutta area.

**Sub-clause (2).**—Although the power to fix a fee ordinarily implies a power to revise it we thought it desirable to add the words at the end of this sub-clause to avoid any possible doubt in the matter.

The new proviso has been added as we have thought it proper to empower the Provincial Government to make the necessary rules for exemption, from payment of fees or charges, such agricultural produce as by their nature or quantity deserve such special consideration.

**Sub-clause (4).**—In this new sub-clause we have prohibited unauthorised collection of any kind in the markets. We have also provided for granting of receipts for all realisations of one anna or more with a view to avoid malpractices in this direction as far as practicable.

#### Clause 8.

We considered the original sub-clause (1) inadequate and have modified it and inserted the new sub-clause (1a) for making the provisions comprehensive and applicable to all commodities instead of agricultural produce only. While we have agreed to leave it to Government to declare generally, by rules, the particular kinds of trade allowance that may be treated as unobjectionable, we thought it expedient to make permissible the realisation of certain trade allowances under particular circumstances which have the sanction of long-standing business practice, but have preferred to prohibit realisation of any such allowance when the transaction of sale is based on inspection only.

**Sub-clause (2).**—The amendments here are consequential on the earlier amendments in the clause.

#### Clause 9.

As we thought personal attendance of the proprietor unnecessary for the purpose of this clause we have excluded the provision relating to such attendance.

#### Clause 10.

The old clauses 10 and 11 have been combined in the revised clause 10.

#### New clauses 11, 11A and 11B.

These new clauses embody the provisions that were originally in the deleted sub-clauses (2)(h), (i) and (j) of clause 5 with slight alterations in drafting.

#### Clause 12.

The powers under this clause being of a rather important nature we have provided that a Subdivisional Magistrate should exercise them only when authorised by the District Magistrate for the purpose.

#### Clause 13.

The proviso to the clause has been inserted for collaboration with the District Board in taking any action under this clause. This is intended to keep the District Boards in touch with the affairs of the markets and to avoid any conflict with the existing statutory rights of the Board.

**Clause 16.**

The object of the amendment here is to give an additional remedy to a party aggrieved by the order of an appellate authority.

**Clause 17.**

The words "for agricultural produce" have been omitted to remove unnecessary restriction on the powers of the Provincial Government in the matter of establishment and maintenance of markets.

**New clause 18A.**

We were of the opinion that any interference by the Civil Courts, with the administrative matters mentioned in this clause might lead to undesirable complications. We have, therefore, prohibited any Civil Suit or proceeding in connexion with these matters.

**Clause 19.**

All the amendments in this clause are consequential on the amendments proposed by us in the earlier provisions of the Bill.

**Clause 21.**

The amendments here have been inserted, by way of supplying omissions, to provide suitable punishments for non-compliance with the obligatory provisions of the Bill.

The Committee have examined with some care the question of possible conflict between some of the provisions of this Bill relating to regulation of markets with provisions in the Bengal Act III of 1885, Bengal Act V of 1919, Bengal Act XV of 1932 and Bengal Act III of 1923 on the same subject. Attempt has been made to avoid such conflict as far as practicable. It has not, however, been possible to make the Bill absolutely free from a charge of transgression. We hope, however, that it will be possible to eliminate any actual difficulty by administrative adjustments and, if necessary, by suitable further legislation on the basis of practical experience derived from the working of the Bill when it comes into operation.

DATED CALCUTTA;

*The 17th July, 1941.*

**Minute of dissent by the Hon'ble Mr. Tazizuddin Khan.**

I have signed the report subject to the condition that I reserve my opinion on the recommendation of the Select Committee enhancing the maximum amount payable as fee under clause 4(4) from Rs. 5 to Rs. 50.

TT 10610

**Joint minute of dissent by Khan Sahib Hamiduddin Ahmed, M.L.A., and Mr. Giasuddin Ahmed, M.L.A.**

1. The Bill ought to have provisions to govern all the markets uniformly throughout the province. After making necessary amendments of the relevant sections of the Calcutta Municipal Act, the Bengal Municipal Act and the Local Self-Government Act concerning markets and their control, the Government could give effect to such a comprehensive law. Conflicts are inevitable so long dual control is allowed.

2. There being provision of exemption of licence fee in clause 4(5) we hold that the maximum limit of such fee should be one hundred rupees or 1 per cent. of the annual gross income derived out of the market whichever is greater [4(4)] and markets having annual gross income of less than twenty-five rupees should be exempted from payment of licence fee but in no case the fee will be less than eight annas.

3. To stop abuse the Bill provides granting of receipts for realisation of market fee up to one anna in clause 5(c) and for the same purpose we are of opinion that receipts should be granted for realisation of any amount as market fee.

4. District Boards and Union Boards or Union Committees, as the case may be, having no separate jurisdiction, it is not expedient to give the same function to the parent body as well as the subordinate one to be exercised over the markets within their common jurisdiction. The subordinate bodies being in closer touch with the local affairs the functions as prescribed in clause 6(I) should be entrusted to Union Boards or Union Committees rather to the District Board.

5. We are also of opinion that like many other foreign countries our province also should have separate laws for different agricultural produces and that agricultural produces such as jute and paddy which have got great commercial value and the sale proceeds of which form the bulk of the purchasing of the general body of the agriculturists of this province should have been tackled first and the present Bill should have dealt with them alone.

6. Further we reserve the right to move any amendments to the provisions of the Bill that we consider proper.

**Further minute of dissent by Mr. Giasuddin Ahmed, M.L.A.**

**Clause 8.**—In clause 8 too much latitude has been given in the matter of deduction permissible under the proviso to sub-section (1a).

In my opinion Government should be empowered to frame rules for controlling the rates of such deduction, and there should be specified provision to this effect in the Bill, otherwise the sellers specially the poor agriculturists will be put under much difficulty.

**Joint minute of dissent by Messrs. G. Morgan and I. G. Kennedy, M.L.As.**

**Clause 2(3).**—We desire to know how Government propose to get over the difficulty of dual control.

**Clause 8(1), 4th line.**—The words "or at the residence of the seller or at any other place" require explanation.

**Clause 9.**—This is too wide and information and documents should be confined to "Transactions within the market".

**Clause 17(1).**—In our opinion the Provincial Government should not have power to establish any market within a certain distance of established markets, the management of which is considered satisfactory.

We reserve to ourselves the right to move any amendments which we may consider necessary.

**Minute of dissent by Khan Bahadur Fazlul Qadir, M.L.A.**

I sign the report subject to the following minute of dissent:—

(1) **Clause 4, sub-clause (4).**—Original proposal of the Government “Five rupees” should stand and no charge should be made.

(2) **Clause 5, sub-clause 2(c).**—Last 3 lines commencing from the words “and receipts” should be changed as follows:—

“and receipt shall be granted for realisation of such fees and charges in case of sale of animals only”.

**Minute of dissent by Mr. D. P. Khaitan, M.L.A.**

I have signed the Select Committee Report subject to the reservation that I may move such amendments when the Bill is considered in the Assembly, as I may consider to be necessary.

I am afraid that the provisions of the Bill are liable to be used too harshly against the proprietors of the markets. For example, sufficient safeguard should be provided in clause 5(2) that improvements mentioned therein should have due relation to the net income derived from the market. Furthermore, I fear that the Bill leaves room for too frequent complaints to be made against the landlord. The result may be that this will require too frequent attendances before the authorities. It will be better if arrangements be made in the Bill itself that the provisions may not be used too oppressively against the landlord. The markets serve a useful purpose for the people, a fact which should not be lost sight of.

**Minute of dissent by Mr. Yusuf Ali Choudhury, M.L.A.**

**Clause 13—Proviso.**—In this proviso the agency of the District Board is going to be employed by the District Magistrate for any necessary improvement in respect of any matter referred to in clauses (e) and (f) of sub-section (2) of section 5 of this Bill. The District Board is already empowered by the Local Self-Government Act, section 100C, to make an order requiring “the owner or lessee of a private *hāt* or market to make proper sanitary arrangements and to remove any insanitary conditions within such *hāt* or market”. Here the provision of this Bill is going to interfere with the provision of the Local Self-Government Act inasmuch as a dual control is imposed upon the proprietors, etc.

**RESOLUTION—No. 873L.S.-G.**

*Calcutta, the 28th June 1941.*

**READ—**

The reports of the Commissioners of Divisions on the working of district and local boards in Bengal during the year 1939-40.

1. **District Boards.**—The number of district boards remained the same (i.e., 26) as in the preceding year with a total number of 694 members of whom 447 were elected and the rest, including 86 officials, were appointed. The district board of Bankura was reconstituted during the year under review. As in previous years, the district board of Darjeeling continued to be presided over by an official Chairman in the person of the Deputy Commissioner appointed by Government. The district board of Jessore was presided over by an appointed non-official, while the remaining district boards elected their own Chairmen.

The Boards held altogether 385 meetings of which none proved abortive for want of a quorum but 24 meetings were adjourned as against 26 in the preceding year. Of these adjourned sittings, 15 in the Rajshahi Division were due to the fact that all the subjects in the agenda of those meetings could not be finished and one in the district of Rajshahi was adjourned as the date

was declared by Government as a public holiday on account of the Id.

The average percentage of attendance of members at meetings was the highest in Bankura (91) and lowest in Malda (63). The average percentage of attendance of official members was the highest (viz., 96·4) in Jalpaiguri and the lowest (viz., 40·5) in Malda.

2. **Local Boards.**—The total number of local boards in the Province decreased from 74 in the previous year to 70 in the year under review due to the abolition of local boards in the district of Rangpur. The number of members consequently fell from 1,248 to 1,192 consisting of 766 elected and the rest, including 65 officials, nominated by Government. All the local boards, except 3, were presided over by non-official Chairmen.

3. **Union Committees.**—The Hajipur Union Committee, in the district of 24-Parganas having been replaced by a union board, there existed only two such Committees in the Province during the year under review. Of these two, the Committee at Alipore Duars in the district of Jalpaiguri worked satisfactorily and introduced a street lighting scheme besides making preliminary arrangements for conservancy work. The work of the other Committee at Takdah in Darjeeling was carried out by seven nominated members.

4. **Financial Features.**—The total receipts of the district boards during the year under review, excluding opening balances, amounted to Rs. 165·54 lakhs as against Rs. 159·24 lakhs in the preceding year. The increase in income was mainly due to larger receipts under "Miscellaneous" which rose from Rs. 7·08 lakhs to Rs. 9·89 lakhs under "Local Canal receipts" from Rs. 32,010 to Rs. 42,165, and under "Debt" from Rs. 14·87 lakhs to Rs. 25·58 lakhs.

The total expenditure chargeable to current income, however, decreased from Rs. 156·06 lakhs in the preceding year to Rs. 154·29 lakhs in the year under review due mainly to decreases in expenditure under "Education" from Rs. 26·01 lakhs to Rs. 23·29 lakhs.

under "Scientific and Other Minor Departments" from Rs. 2.72 lakhs to Rs. 1.47 lakhs, under "Superannuation Allowances and Pensions" from Rs. 2.84 lakhs to Rs. 2.67 lakhs and under "Miscellaneous" from Rs. 1.79 lakhs to Rs. 1.53 lakhs. On the other hand, there was increased outlay under some of the principal heads of expenditure, the most noticeable being that under "Famine Relief" which rose from Rs. 2.82 lakhs to Rs. 7.04 lakhs. The total balance at the close of the year was Rs. 39.42 lakhs against Rs. 47.73 lakhs in the preceding year.

**5. Education.**—The income and expenditure of the district boards under this head fell from Rs. 9.38 lakhs to Rs. 8.66 lakhs and from Rs. 26.01 lakhs to Rs. 23.29 lakhs respectively, during the year under review, owing chiefly to the transfer of primary education to the district school boards in certain districts of the Burdwan, Presidency, Dacca and Chittagong Divisions.

The total number of upper primary schools maintained by the district boards was 433 attended by 21,278 boys and 2,559 girls against 583 schools with 26,727 boys and 3,426 girls in the previous year. The number of lower primary schools maintained by the Boards, however, increased from 770 schools with 32,864 boys and 6,581 girls to 1,014 schools attended by 44,710 boys and 8,582 girls. This increase was principally due to the establishment of 91 Board's lower primary schools in the Rajshahi district and 161 in Pabna.

The number of upper primary schools aided by the Boards also decreased from 10,855 with 387,556 boys and 103,178 girls to 9,538 schools attended by 376,973 boys and 97,271 girls. On the other hand, the number of aided lower primary schools increased to 11,407 with 288,878 boys and 107,706 girls, the corresponding figures for the preceding year being 9,883 schools with 240,061 boys and 79,179 girls.

Although the number of middle schools maintained by the Board remained stationary, viz., 42, the number of students attending them increased from 4,699 in the previous year to 4,810 during the year under review. The number of middle schools aided by the Boards, however, increased from 1,406 to 1,437 with a corresponding increase

in the number of students from 137,978 to 144,433. As in the preceding years, no high school was maintained by any of the Boards, but the number of such institutions aided by the Boards increased from 14 to 20. The number of students attending them also increased from 3,563 to 4,206.

The number of industrial schools maintained by the Boards remained the same (5) as in the previous year while the number of other schools maintained by the Boards remained unchanged. The numbers of industrial and other schools aided by the Boards were 83 and 1,162, respectively, as against 74 and 1,162, respectively, in the previous year. The Boards continued to grant scholarships or stipends to students attending technical schools or colleges.

**6. Public Health and Medical Relief.**—There was an increase both in the income and the expenditure of the district boards under this head (which includes sanitation and vaccination) the amounts being Rs. 19.61 lakhs and Rs. 42.16 lakhs, respectively, against Rs. 19.46 lakhs and Rs. 42.11 lakhs, respectively, in the preceding year.

The total number of dispensaries maintained by the district boards increased from 713 to 721 but the expenditure incurred on them decreased from Rs. 12.78 lakhs to Rs. 11.59 lakhs. The number of dispensaries aided by the Boards also increased from 604 to 682 with a corresponding increase of the amount of contribution from Rs. 4.33 lakhs to Rs. 5.65 lakhs. These figures include a number of homeopathic and a few ayurvedic and unani dispensaries.

Allotments from the Government of India's Rural Uplift grant for capital expenditure towards the establishment of village dispensaries were largely responsible for the increase in number of such institutions; while the gradually expanding State-aid given to the thana and village dispensaries under the scheme of subsidies to these institutions was also of great help to the local bodies in maintaining these dispensaries.

The scheme of decentralised anti-rabic-treatment worked satisfactorily during the year, the treatment being given at many rural district board dispensaries besides the institutions at the district and subdivisional headquarters.

The public health activities of the Boards consisted, as usual, in combating the outbreak of epidemic diseases by preventive and curative measures. The education of the villagers in the general principle of sanitation and hygiene by lantern lectures, health talks and baby shows formed an important feature of the activities of the health staff of the district boards. In some districts, school hygiene work was also taken up by the sanitary staff.

Cholera and small-pox were prevalent either in sporadic or in epidemic form, in several districts. The district boards took prompt action to check the spread of the diseases and augmented their permanent health staff by temporary men to control epidemics. The Public Health Department came promptly to the assistance of the district boards not only by arranging for additional staff of medical licentiates and sanitary inspectors but also by provision of a large number of mobile medical units consisting of a medical officer and a compounder and fully equipped with medicines for treatment as well as prevention. Temporary regulations under the Epidemic Diseases Act were also promulgated where necessary. Preventive measures, such as vaccination, inoculation, disinfection of tanks and wells and the clearing of ditches, jungle and insanitary surroundings were carried out, as usual, by the district boards.

The campaign against malaria and kala-azar was carried on by the district boards. Besides providing facilities for treatment in the existing hospitals and dispensaries and in the special kala-azar centres some district boards either deputed doctors to the affected areas for giving treatment or organised travelling fever dispensaries to cope with the situation. The campaign of quinzation was pushed through with vigour and the services of union boards, anti-malarial societies, kala-azar doctors and the circle sanitary inspectors were systematically utilised in distributing quinine. It appears, however, that malaria is taking larger tolls and is on the increase. It calls for a more determined co-ordinated effort on the part of the district boards.

The existing institutions for the specialised treatment of leprosy were maintained and maternity and child

welfare received adequate attention—a large number of dais being trained and equipped for service in the rural areas.

With the establishment of public health laboratories in many districts, the evil of food adulteration is reported to have received more attention from the district boards than in the preceding year. Larger number of food samples were examined and prosecutions were started—most of them resulting in conviction. The control exercised by the district boards over the practice of adulteration of food-stuffs was, however, still far from adequate. It is hoped that after the enactment of the Bengal Pure Food Bill which is now before the Provincial Legislature, the Boards will be in a better position to deal with this important problem.

**7. Veterinary Charges.**—The income and expenditure of the Boards under this head decreased from Rs. 2,790 to Rs. 2,348 and from Rs. 1,93,317 to Rs. 1,03,895, respectively, during the year under review. The decrease both in income and expenditure was due to the fact that the services of the veterinary assistant surgeons were provincialised in most of the district under the scheme of provincialisation adopted by Government in 1939.

There were severe outbreaks of cattle diseases in Burdwan and Bakarganj but effective measures were taken for the prevention of the spread of the epidemics. Some district boards especially in the Burdwan and the Rajshahi Divisions took considerable interest in maintaining stud-bulls in order to improve the breed of cattle in their respective areas.

**8. Civil Works.**—The income and expenditure under this head amounted to Rs. 22.42 lakhs and Rs. 67.08 lakhs, respectively, against Rs. 24.40 lakhs and Rs. 68.70 lakhs, respectively, during the previous year. The decrease in expenditure was mainly due to less expenditure under "Communication" and "Water-supply—Original Works".

The reduction of expenditure on "Communications" did not, however, affect the total mileage of roads maintained by the Boards. The mileage of metalled, unmetalled and village roads actually increased and were 3,127, 20,722, and 34,412, respectively, against 3,037, 19,774 and 30,347, respectively, in the preceding year.

In the Burdwan Division, the expenditure on "Civil Works" amounted to Rs. 15·08 lakhs against Rs. 16·03 lakhs in the preceding year and represented 46 per cent. of the total expenditure chargeable to current income, against 40·9 per cent. in the previous year. The decrease was shared by all the district boards except those of Midnapore and Howrah.

In the Presidency Division, the total outlay under this head amounted to Rs. 13·64 lakhs, showing a decrease of about Rs. 3·60 lakhs from the previous year's figures. All the district boards shared in the decrease—the largest decrease occurring in the 24-Parganas (Rs. 1,28,804) which is attributed to the fact that the bills of the contractors could not be paid in full owing to shortage of funds. The decrease in Khulna (Rs. 99,658) was due to the curtailment of expenditure owing to decreased income resulting from the further reduction of cesses.

The total expenditure under this head in the Dacca Division was Rs. 14·36 lakhs showing a decrease of Rs. 41,651, from the previous year's figures—Mymensingh and Faridpur sharing in the decrease while there was actually an increase both in Dacca and Bakarganj. Expenditure on Communications—Original Works, however, showed an increase of Rs. 36,784.

In the Chittagong Division, the expenditure on Civil Works increased from Rs. 6·36 lakhs to Rs. 6·42 lakhs—all the three Boards having continued their interest in the improvement of communications by the construction of new bridges and roads and repairing the old ones.

There was an increase of Rs. 3,20,299 in the expenditure under "Civil Works" in the Rajshahi Division. Of the total increase, Rs. 2,25,123 was under Communications—Repairs and Rs. 44,225 under Communication—Original Works. The increase was due to increased expenditure incurred by all the district boards except that of Darjeeling. The proportion of expenditure on Civil Works to the total expenditure chargeable to current income increased from 39·07 per cent. to 44·6 per cent.

9. **Water-supply.**—The total outlay on water-supply during the year under review was Rs. 8·07 lakhs as against

Rs. 8·64 lakhs in the previous year. Of the total expenditure Rs. 6·58 lakhs was under Original Works and Rs. 1·49 lakhs under Repairs.

The total expenditure on water-supply in the Burdwan Division amounted to Rs. 1·71 lakhs against Rs. 1·78 in the preceding year. Of the total expenditure Rs. 1·29 lakhs was on Original Works and Rs. 42,496 on repairs. The decrease of Rs. 3,550 on original works, as compared with the previous year's figures, was shared by the districts of Birbhum, Bankura and Howrah, while the decrease of Rs. 2,585 on repairs was shared more or less by all the Boards. The Boards in this Division sank or resank 289 tube-wells.

There was a decrease of Rs. 17,657 in the expenditure under this head in the Presidency Division—the district boards of Nadia and Khulna sharing in the decrease. On the other hand, there was increased expenditure in the 24-Parganas and the Murshidabad districts. The Boards in this division sank or resank 413 tube-wells.

In the Dacca Division the expenditure under this head decreased from Rs. 3·77 lakhs to Rs. 3·13 lakhs of which Rs. 2·75 lakhs was under "Original Works" and Rs. 38,571 on "Repairs". The Boards sank or resank 573 tube-wells or ferro concrete wells and excavated 18 tanks during the year under review. Besides, the district board of Bakarganj had 388 reserve tanks under its direct control excluding 248 tanks excavated by the Colonization and Khas Mahal Departments and union boards with one-half or two-thirds contribution from the district boards.

The Boards in the Chittagong Division sank 271 tube-wells during the year under review. The enthusiasm displayed by the Noakhali district board in sinking tube-wells in the preceding year is reported to have died out altogether with the result that not a single new tube-well was sunk during the year under review as compared with 392 wells sunk in 1938-39.

The total expenditure under this head in the Rajshahi Division increased from Rs. 1·06 lakhs to Rs. 1·25 lakhs—the increase being shared by all the district boards except those of Rangpur, Pabna and Darjeeling. The

Boards altogether sank\* 368 tube-wells besides a number of cement concrete ring wells, masonry wells and pottery wells.

10. **Famine Relief.**—In the Burdwan Division, the expenditure under this head amounted to Rs. 45,108 against Rs. 10,335 in the previous year. The increase was most marked in Bankura (Rs. 44,433) where test relief works had to be started due to the partial failure of crops in the western part of the district. In the Presidency Division, the Murshidabad district was visited by floods causing considerable distress and loss of property. The district board with its own resources supplemented by liberal contributions from Government ably tackled the situation, and spent Rs. 3.99 lakhs on relief works. In Nadia, excessive rainfall caused distress and the district board staff co-operated with Government officers in distributing rice doles and agricultural loans besides carrying out chlorination and a quinsation campaign in the submerged areas.

In the Dacca Division, the total outlay under this head amounted to Rs. 1.19 lakhs and was met from the advances made by Government to the district boards. This was necessitated by the failure of crops on account of abnormal floods in the preceding year. The district board of Faridpur did not spend the full amount of Rs. 80,000 advanced to it.

In the Rajshahi Division, the distress continued in the district of Rangpur due to adverse economic condition of the previous year and the district board had to spend Rs. 1.62 lakhs on test relief works. The district boards of Pabna and Malda spent Rs. 68,012 and Rs. 35,982, respectively, on test relief works.

11. **General Remarks.**—The year under review continued to be a difficult one for the district boards some of which were called upon to continue relief operations in order to succour the people in distress caused by previous year's floods, while others had to start new relief works as a result of failure of crops owing to droughts or floods during 1939-40. Added to this, the Boards had to manage things with smaller receipts due to the bringing into effect, for the first time, the new procedure under the Government of

India (Adaptation of Indian Laws) Order, 1937, under which they are no longer entitled to the direct credit of Public Works Cess receipts and proceeds from ferries. It is gratifying to note that the Boards made most of their resources and kept up the public utility services to the level previously attained by them. Cordial and harmonious relations subsisted between the district authorities and the district boards throughout the Province.

It appears that the district boards have not been able to resist the temptation of reducing expenditure on Communications in order to find money for what are generally regarded as popular services, such as medical relief, sanitation, etc. Without minimising in any way the importance of these services, Government desire to take this opportunity of impressing upon the district boards that the general prosperity of the district depends very largely on the maintenance of adequate communications and the grant of the Public Works Cess to the Boards have entailed a moral obligation on them to devote correspondingly large sums to projects which had previously been financed from this Cess, with a view to developing the economic resources of the rural areas.

Another instance of the defect in the administration of district boards is furnished by the irregularities pointed out year after year in the audit reports. Government trust that the Boards will pay greater attention to closer supervision over accounts and a stricter compliance with the rules.

The services rendered by the following gentlemen have been specially mentioned by the local officers and Government take this opportunity to thanking them and all others who have assisted in the administration of local self-government during the year under review :—

9. (1) The Commercial Tax Officer shall furnish the dealer with a copy of the registration certificate for every additional place of business enumerated therein.

(2) The certificate shall be kept at the place of business or the additional place of business to which it relates.

10. The name of every dealer registered under rule 6 shall be entered in Ledgers "A" and "B".

11. (1) When any registered dealer makes any report in accordance with section 16 he shall send his registration certificate to the Commercial Tax Officer together with the report, for amendment or replacement, as the case may be.

(2) If a dealer to whom a certificate in Form IIA has been issued, reports that a new branch of the business has been opened, his certificate shall be cancelled and a fresh one in Form IIB shall be issued to him.

12. (1) When a Commercial Tax Officer is satisfied that the gross turnover of any dealer registered under section 7 has for three successive years failed to exceed the taxable quantum he shall cancel the registration of the dealer with effect from such date as may be notified under rule 13.

(2) Each year by the last day of May and November every Commercial Tax Officer shall forward to the Commissioner the name of any dealer whose registration is to be notified as having been cancelled under sub-rule (1).

13. Each year in the first *Calcutta Gazette* issued in July and January the Commissioner shall publish the name of every dealer whose name is forwarded to him under rule 12 and shall declare that the registration of every such dealer shall be deemed to have been cancelled with effect from the last day of August or February next following, as the case may be.

14. (1) When any dealer who is registered under section 8 desires to apply for cancellation of his registration he shall send his application to the appropriate Commercial Tax Officer not less than six months before the end of the year, together with—

(i) a statement of his gross turnover during the immediately preceding two years; and

(ii) a declaration whether or not—

(a) he manufactures or produces any goods for sale, or

(b) he imports for sale any goods from outside the province.

(2) If the Commercial Tax Officer is satisfied that the dealer is not liable to pay tax under section 4 he shall cancel the registration with effect from the last day of the year, and at least three months before the end of the year he shall forward the name of the dealer to the Commissioner for publication under rule 15.

15. At least two months before the end of the year the Commissioner shall, by notification in the *Calcutta Gazette*, publish the name of the dealer and shall declare that with effect from such date as may be specified in the notification (being the last day of the year of the dealer) the registration of the dealer shall be deemed to have been cancelled.

16. As soon as may be after the issue of a notification under rule 13 or rule 15 the dealer shall return his registration certificate to the Commercial Tax Officer for cancellation and destruction.

*Return of Taxable Turnover.*

17. During the first three years after the commencement of the Act every dealer whose taxable turnover, in the opinion of the Commissioner, is not likely to exceed 10 per cent. of his gross turnover shall furnish a return in Form III annually within sixty days from the expiry of each year.

18. After the expiry of three years from the commencement of the Act every dealer whose taxable turnover does not exceed 10 per cent. of his gross turnover calculated over the latest three years for which figures are available shall furnish returns in Form III annually within sixty days from the expiry of each year.

19. When the taxable turnover of any dealer referred to in rule 18 exceeds in any year 10 per cent. of the average gross turnover calculated in the manner provided in rule 18, the Assistant Commissioner may fix fresh return-periods for such dealer, but ordinarily he shall not reduce the return-period unless he is satisfied that the excess over 10 per cent. is likely to continue.

20. Every dealer other than those for whom annual returns are prescribed in rules 17 and 18 who satisfies the Commissioner that he is not accustomed to make up a statement of accounts of sales more often than half-yearly shall furnish a return in Form III half-yearly within sixty days from the expiry of each half-year.

21. Every dealer, other than those referred to in rules 17, 18 and 20, whose annual gross turnover in the opinion of the Assistant Commissioner is likely to exceed two lakhs of rupees shall furnish a return in Form III quarterly, within thirty days from the expiry of each quarter:

Provided that the Commissioner may, for reasons to be recorded in writing, fix quarterly returns for any other class of dealer also.

22. Subject to the provisions of rule 24 the return-periods fixed for any dealer under rules 20 and 21 shall remain in force for not less than three years and thereafter shall continue to remain in force until the Assistant Commissioner fixes a different return-period in accordance with these rules.

23. The Commissioner or any other officer authorised to take action under rules 17, 19, 21, 30 or 32 shall, in exercising his discretion under those rules, pay due regard to such figures of the dealer's turnover for the three years immediately preceding as may be available to him.

24. If the Assessing-authority finds it impracticable to make a proper check of the returns furnished by any dealer under rule 20 or rule 21 he may for reasons to be recorded in writing direct such dealer to furnish the returns at such lesser intervals as he may consider necessary for the purpose.

25. Every dealer, other than those whose return-periods have been fixed under rules 17, 18, 20 or 21, shall furnish a return in Form III for each month by such date within the following month as may be specified in his Certificate of Registration.

26. Any dealer who elects to pay tax in advance under rule 48 shall furnish returns in Form IIIA instead of in Form III, and in the case of such dealers all references to Form III in these rules shall be deemed to include Form IIIA.

27. (1) All returns in Form III which are required to be furnished under these rules shall be signed by the dealer or by some responsible person on his behalf, and shall be sent to the appropriate Commercial Tax Officer.

(2) Returns furnished by any dealer for whom the Commercial Tax Officer is not the Assessing-authority shall be scrutinized by the Commercial Tax Officer and forwarded to the Assistant Commissioner as soon as possible together with such remarks, if any, as the Commercial Tax Officer may think fit to make.

28. If any registered dealer shows to the satisfaction of the Commissioner that no sales made by him are liable to tax under the Act and makes an application in this behalf, the Commissioner may direct that it shall not be necessary for such dealer to furnish any return in Form III and may grant the dealer a certificate in Form IV.

29. (1) A certificate granted to any dealer under rule 28 shall be valid till the end of the year of issue and thereafter may be renewed annually for one year at a time upon receipt of an application from the dealer accompanied by an affidavit that the business of the dealer continues to be such that no sales effected by him are liable to tax under the Act.

(2) Applications for renewal under sub-rule (1) should be made before the date when the certificate will expire, and applications which are received after such date are liable to be rejected.

(3) Applications for the issue or renewal of certificates in Form IV shall be made to the appropriate Commercial Tax Officer, and particulars of all such applications shall be entered in Register XIX.

#### *Payment of Tax.*

30. If in the opinion of the Commissioner the annual tax payable by any dealer for whom annual return-periods have been prescribed is not likely to exceed Rs. 500, such dealer shall pay tax annually before furnishing the return in Form III.

31. Every dealer other than a dealer referred to in rule 30 for whom annual return-periods are prescribed and every dealer for whom half-yearly return-periods are prescribed shall pay tax quarterly in the manner prescribed in sub-rules 32 to 35 (inclusive).

32. The Commercial Tax Officer shall estimate the amount of tax payable by the dealer for the whole year, and shall communicate the same to the dealer.

33. (1) Within ten days from the expiry of any quarter for which no return in Form III is required to be furnished the dealer shall pay one-fourth of the amount estimated under rule 32; and

(2) before furnishing the return in Form III he shall pay such further amount as will make the sum of his tax payments for the whole return-period equal to the amount which is shown in the return to be payable for such period, whether this sum is greater or less than the amount estimated under rule 32.

34. The estimate under rule 32 shall be communicated to the dealer by a notice in Form V not less than fifteen days before the expiry of the first quarter of the year to which it relates.

35. An estimate shall not be changed during a year, and shall remain in force until a fresh estimate is communicated in the manner provided in rule 34.

36. Every dealer for whom quarterly returns have been prescribed shall pay the tax due for any quarter before furnishing the return in Form III for that quarter.

37. Every dealer for whom monthly returns are prescribed will pay tax monthly before furnishing the return in Form III for that month.

38. (1) Every dealer shall pay the tax and any penalty which may have been imposed upon him direct into the appropriate Government Treasury. No payment of any tax or penalty shall be accepted at the office of the Commissioner or of any Assistant Commissioner or any Commercial Tax Officer.

(2) Challans for the purpose of making payment shall be obtainable at any Government Treasury or at the office of any Commercial Tax Officer.

(3) Challans shall be filled up in triplicate. One copy of such challan shall be retained by the Treasury, and the other two copies shall be returned to the dealer, duly signed, as proof of payment.

39. Every Assessing-authority shall maintain Registers XIII, XIV and/or XV, as may be required, in which he shall record the receipt of every challan produced in accordance with rule 43 or rule 44 in proof of payment of tax by any dealer for whom he is the Assessing-authority.

40. Payments by any dealer who is to pay tax annually shall be noted in Register XIII.

41. Payments by any dealer who is to pay tax quarterly shall be noted in Register XIV which shall be kept in three sections:—

XIVA for dealers who furnish annual returns;

XIVB for dealers who furnish half-yearly returns;

XIVC for dealers who furnish quarterly returns.

42. Payments by dealers who are to pay monthly shall be noted in Register XV.

43. Every dealer referred to in rules 30, 36 and 37 shall attach one copy of the receipted challan to the return in Form III when presenting the return to the Commercial Tax Officer.

44. Every dealer referred to in rule 31—

- (a) shall send to the appropriate Commercial Tax Officer the receipted challans relating to payments made in accordance with sub-rule (1) of rule 33 within fifteen days of the expiry of the quarter for which the payment is made; and
- (b) shall attach to the return in Form III the receipted challan in respect of the payment referred to in sub-rule (2) of rule 33.

45. The Commercial Tax Officer shall forward to the Assistant Commissioner all challans which are received from any dealer for whom the Commercial Tax Officer is not the Assessing-authority.

46. Every registered dealer who does not elect to pay his tax in advance under rule 48 may deduct from his gross turnover of the first year during which he is liable to pay tax such sum as is shown to the satisfaction of the Assessing-authority to have been due to the dealer on the date on which he became liable to tax under sub-section (1) or (2) of section 4 or under sub-section (3) of section 8, on account of sales of goods effected on or before such date.

47. (1) Every registered dealer, whether or not paying tax in advance under rule 48, shall report to the appropriate Commercial Tax Officer, within one month from the date on which the dealer becomes liable to tax, the amount which is due to him on such date on account of sales of goods effected or contracts entered into before such date.

(2) The Commercial Tax Officer shall forward to the Assistant Commissioner any claim for deduction which is made under rule 46 by any dealer for whom the Commercial Tax Officer is not the Assessing-authority.

48. (1) If any dealer so prefers he may, with the permission of the Commissioner, pay in advance the tax which shall be leviable upon his taxable turnover.

(2) The amount of tax which may be paid in advance under sub-rule (1) in respect of any given return-period shall be calculated on the basis of the sales effected or contracts entered into during such period.

(3) Any dealer who pays tax in advance under sub-rule (1) may obtain refund of any amount of tax which has already been paid in respect of any sale-price or part of a sale-price which is subsequently certified by a Registered Accountant to have become irrecoverable and to have been written off as a bad debt.

*Assessment to tax and/or penalty under section 11.*

49. When it appears to an Assessing-authority to be necessary to make an assessment under section 11 in respect of any dealer he shall serve a notice in Form VI upon him setting forth—

- (a) the amount of tax or additional tax, as the case may be, which such dealer is required to pay;
- (b) the return-period or periods in respect of which such tax is payable; and
- (c) the grounds upon which the demand is made;

and he shall fix a date not less than fifteen days after the date of the service of the notice, for considering any objection which the dealer may wish to prefer.

50. If the Assessing-authority is an Assistant Commissioner he may, with the consent of the dealer, depute a Commercial Tax Officer to hear the dealer's objection and to record any evidence brought in support thereof.

51. A Commercial Tax Officer deputed under rule 50 shall send to the Assistant Commissioner by such date as the latter may direct—

- (i) a précis of the points argued in support of the dealer's objection;
- (ii) a record of any evidence taken in this behalf; and
- (iii) if so directed by the Assistant Commissioner, his opinion upon the contention of the dealer and upon the facts of the case.

52. Every Assessing-authority shall maintain a register in Form XVI, in which he shall enter the details of each case instituted under rule 49.

53. A dealer who has been served with a notice under rule 49 may prefer any objection personally, or through an agent, or he may send it in writing.

54. After considering any objection made by the dealer and after considering any evidence produced in support thereof the Assessing-authority shall assess the amount of tax (if any) and penalty (if any) to be paid by the dealer, and shall briefly but clearly record the reasons on which he bases his order.

55. (1) If any sum is payable by the dealer under rule 54 the Assessing-authority shall serve a notice in Form VII upon him specifying the date, not less than thirty days after the service of the notice on which payment shall be made, and he shall also fix a date on which the dealer shall produce the receipted challan in proof of such payment.

(2) When the challan is produced, the Assessing-authority shall make the necessary entries in the appropriate columns of Register XVII.

56. If on the date fixed under rule 55 the defaulting dealer has not paid the sum assessed or such instalment thereof as may be due, the Assessing-authority shall apply to the Collector of the area in which is located the dealer's office or head office, as the case may be, for recovery of the whole amount of tax and/or penalty remaining unpaid as an arrear of land-revenue.

57. (1) After taking the necessary action the Collector shall report to the Assessing-authority what amount, if any, has been recovered and the date on which recovery has been made.

(2) On receipt of the Collector's report the Assessing-authority shall make the necessary entries in the appropriate columns of Register XVII.

58. (1) All the papers relevant to the making of any assessment in respect of any particular dealer shall be kept together and shall form an assessment case record.

(2) Assessment case records shall be preserved for twelve years.

*Refund of excess tax paid.*

59. An application from a dealer for a refund of excess tax paid shall be made to the appropriate Commercial Tax Officer and shall clearly but briefly specify the grounds upon which the refund is claimed.

60. When the Commercial Tax Officer is satisfied that a refund is due to any dealer he shall, except as provided in rule 62, submit the application together with his opinion thereon to the Assistant Commissioner for orders.

61. Within thirty days from the date of submission of the application under rule 60 the Assistant Commissioner shall record his order in writing and shall communicate it to the Commercial Tax Officer.

62. Any Commercial Tax Officer stationed in areas outside Calcutta may sanction the refund of any amount of excess tax paid not exceeding fifty rupees without reference to the Assistant Commissioner.

63. When an order for a refund has been passed under rule 61 or rule 62 the Commercial Tax Officer shall, if the dealer desires payment in cash, issue a Refund Payment Order (Cash) and shall make it over to the dealer for encashment at the appropriate Government Treasury.

64. If the dealer desires payment by adjustment against any amount subsequently payable by him the Commercial Tax Officer shall issue a Refund Adjustment Order authorising the dealer to deduct the sum to be refunded from the amount payable in respect of the next return-period following the sanctioning of the refund, or from the next instalment payable under sub-rule (1) of rule 33.

65. In support of any claim for deduction according to rule 64 the dealer shall attach the refund adjustment order to the next return in Form III to be furnished by him or to the next receipted challan furnished under clause (a) of rule 44.

66. After allowing such deduction the Commercial Tax Officer shall cause the Refund Adjustment Order to be cancelled.

67. The Commercial Tax Officer shall enter in Register XVIII particulars of all applications for refund and of the orders passed thereon.

*Inspection of accounts, etc.*

In requiring the production by any dealer of his accounts, registers, documents or stocks of goods strict regard shall be had to the necessity of not disturbing the business of the dealer or the work of his staff any more than is necessary for the purpose of ascertaining the required information.

69. Unless the inspecting-officer in his discretion deems it necessary to make a surprise visit, he shall give reasonable notice in writing to the dealer of his intention to inspect the accounts, registers, documents or stocks of goods of such dealer and in fixing the date, time and place for the purpose, he shall as far as possible have regard to the convenience of the dealer; ordinarily he shall make such inspection at the premises of the dealer and he shall not require the dealer to produce his accounts, registers or documents at his office except for urgent reasons and in the public interest.

70. **Calcutta.**—No. 1509M.—13th August 1941.—The following by-laws made by the Corporation of Calcutta under clause (20) of section 478 of the Calcutta Municipal Act, 1923 (Bengal Act III of 1923), have been sanctioned by the Governor under sub-section (7) of section 482 of that Act, and are hereby published as required by section 486 thereof:—

**By-laws under section 478(20) of the Act, regulating the construction of approach roads crossing the footpath of a public street.**

1. The owner or occupier of any premises abutting on the footpath of a public street shall for the purpose of riding or driving any animal or any carriage, cart, motor car or other vehicle at his own cost provide an approach road or roads in front of his premises in the manner laid down in by-laws Nos. 3 to 9 below.

2. The owner or occupier of any premises abutting on the footpath of a public street shall ordinarily be entitled to one approach road in front of his premises. In special cases two approach roads may be allowed at the discretion of the District Engineer concerned, provided that there shall be between such approach roads a space of not less than 30 feet. In the special circumstances of any case the Chief Executive Officer may allow a larger number of approach roads.

3. Every person who intends to construct an approach road or roads shall apply to the District Engineer of the Corporation within whose district such road or roads shall lie in the printed form (to be supplied free of charge) annexed to these by-laws.

4. Such application shall be accompanied by a plan in triplicate drawn to a scale of 8 feet to the inch showing—

(a) the full frontage of the premises to which the approach road or roads, is or are required and the neighbouring premises on either side thereof abutting on the footpath of the public street showing all openings thereon;

(b) the width of the entrance gate or door in front of which the approach road is intended to be constructed; and

(c) the width of the footpath and the public street on which the premises abut.

5. Within a month from the date of receipt of an application under by-law No. 3 the District Engineer shall either communicate his approval to the work being done or refuse the application. In the event of communicating his approval, the District Engineer shall prepare and send to the applicant an estimate of the cost to be incurred for the construction of the approach road or roads and shall require the applicant to deposit the amount mentioned therein in the office of the District Engineer within two weeks from the date of intimation of approval.

6. On the amount of costs being deposited, the District Engineer shall proceed to construct the approach road according to the sanctioned plan. In the event of the owner's failure to deposit the cost or in case he signifies his unwillingness to have the work done, the District Engineer shall have power to demand from him Rs. 2 or any other sum as is, or may be, prescribed by the Corporation for supplying an estimate of the cost to be incurred for the construction of the approach road or roads as mentioned in by-law No. 5 and the owner shall be bound to pay the same.

7. The width of the approach road shall ordinarily be equal to that of the entrance gate or door to which it leads, provided the District Engineer may permit a greater or smaller width according as the nature and condition of the site may require, and provided also that in no case should the width of the approach road exceed 16 feet.

8. The approach road shall have a fall or inclination towards the street depending on the width of the footpath across which it runs, and shall have such gradient as the District Engineer may decide, having regard to the nature and condition of the site.

9. The owner or occupier of the premises to which the approach road is attached shall maintain and keep the same in proper repairs.

10. An approach road, which, in the opinion of the District Engineer, is no longer necessary shall be removed by the owner or occupier of the premises, whenever called upon to do so. The decision of the District Engineer on the question of necessity shall be final.

11. (a) If it appears to the District Engineer that the footpath in front of any premises is used or is intended to be used as a road-way for riding or driving an animal or any carriage, cart, motor car or any other vehicle to the said premises and by any such act the kerb and channel stones are being damaged or are likely to be damaged, he may by written notice, require the owner or the occupier of such premises to have an approach road constructed in accordance with these by-laws.

(b) Any person who is served with a written notice under clause (a) may within seven days of the service of such notice deliver to the District Engineer a written objection setting forth the grounds of objection.

(c) Such objection shall be considered by the District Engineer whose decision shall be final.

12. If such notice be not complied with within a week from the service of such notice or disposal of the objection preferred under clause (b) of by-law No. 11, the District Engineer may cause such approach road to be constructed as may, in his opinion, be necessary and the expenses thereof shall be paid by the person or by any of the persons on whom such notice was served. If the footpath or the kerb and channel stones, as the case may be, are already damaged by such act and no new construction be found necessary, the District Engineer shall have power to demand such compensation as may be payable under the rates in force for restoring the footpath or the kerb and channel stones to its or their original condition.

13. The District Engineer may cause such approach road to be constructed whether or not the person who has failed to comply with the notice is liable to punishment or has been prosecuted or sentenced to any punishment for such failure.

14. Any person who commits a breach of by-law Nos. 1, 9, 10 and 11 shall be punishable with fine which may extend to fifty rupees and in the case of a continuing breach, with fine which may extend to ten rupees for every day during which the breach continues after conviction for the first breach.
